

IMPORTANT DATA PROTECTION CHANGES AFFECT YOU – PLEASE READ:

Ealing Croquet Club is affiliated to the Croquet Association (CA), and as a member at Ealing you'll automatically be a Standard Member of the CA. However, you won't reap any of the benefits of membership until your details are registered with the CA. Affiliated clubs are being asked to upload their membership details to a central database. This information, which will be restricted to name and contact details, will then enable the CA to send out the Gazette and provide you with access to the members' area of the CA web site, and the ability to apply for many tournaments and coaching courses online.

Stricter Data Protection rules come into force this year, so we have to ask you to agree to allow the club to pass on your details to the CA, and to give permission so that the CA can make these details visible to other CA members (NOT to the public).

You may consent to the first of these without consenting to the second if you wish, but the advantage of consenting to both is that other members can find your details, both individually or as a member of a club.

Please could you fill in the form below to indicate your preference for both options. Insert your name, delete either YES or NO as appropriate for each options, and sign and date at the bottom.

Please then return this page completed, with your membership application form.

I [insert name] give permission

1. To Ealing Croquet Club, to pass on my name and contact details to the Croquet Association [*delete as appropriate*] YES/NO

2. To the CA, to make these details visible to other CA members [*delete as appropriate*] YES/NO

(Signed) (Date)
